

1. To obtain a Google account, go to “Google.com”

2. Click on

Create an account

3. Fill in the requested information:

The screenshot shows the Google Account creation interface. At the top is the Google logo, followed by the heading "Create your Google Account" and the subtext "to continue to Gmail". The form includes input fields for "First name", "Last name", and "Username" (with a placeholder "@gmail.com"). Below the username field is a note: "You can use letters, numbers & periods". There are also fields for "Password" and "Confirm", accompanied by an eye icon for toggling visibility. A note below the password fields states: "Use 8 or more characters with a mix of letters, numbers & symbols". On the right side, there is a graphic of a blue shield with a white person icon, and below it, icons for YouTube, Google Assistant, and Google Maps. Text next to the graphic says: "One account. All of Google working for you." At the bottom left is a link "Sign in instead" and at the bottom right is a blue "Next" button. The footer contains "English (United States)" with a dropdown arrow, and links for "Help", "Privacy", and "Terms".

4. This will also create a Gmail email account for you, which is how your students can communicate with you. It's important to remember your Username and Password!
  - a. You can create as many Gmail accounts as you wish
  - b. If you don't want to monitor multiple email accounts and want all of your email to arrive in another email account, you can have your mail forwarded to that account. If you need instructions on how to do this, see:
